Hi Peggy,

Please find attached 4 documents which are in response to the above referenced FOIA. I also have a CD which contains the report for one additional company – Merit Energy Company, which I will deliver to you later today. The CD contains a spreadsheet, and I am submitting a copy of the excel file so that the response includes the report, and the formulas within the file, in case there are relevant to the FOIA.

Thanks,

Lisa

Can You please tell me what the deadline is to gather the documents for the above referenced FOIA?

Thanks!

Lisa,

I went through the special mailbox we have for fracking notifications for OOOO and OOOOa. Attached is the list of companies who submit through that venue. Unfortunately many of our files are by lease name. Also attached is an annual report for one of them.

Leslye Werner | Acting Chief | Air Permitting and Compliance Branch | U.S. EPA Region 7 | 11201 Renner Blvd | Lenexa, KS 66219 | 913-551-7858

Thanks! Just to update you on my progress – I have currently have 3 responsive documents. I worked with the records Center, and they have compiled a list of about 400 facilities that had new files created between August and November. Im now going through the list to see if there are any which may be subject to the rule.
